in earnest, don't miss your chance to reengage. As the industry gets back to work, the CDRA is hosting its Annual Convention and Expo from February 26 – March 1, 2022. This event will convene professionals for education, networking, and more. At the same time, reviewing best practices and being critical of yourself is imperative. Regular, preventative maintenance is absolutely critical. Operationally speaking, safety is a top priority along with maintaining our system.

What are the biggest challenges in your market and C&D recycling? As an industry, we are constantly evolving to meet our clients' demands. From regulatory changes to market fluctuations, each challenge presents an opportunity for growth and innovation. How are you adapting to these challenges?

How did you get started in the business? The CDRA is proud to have a diverse group of members who have entered the industry through various pathways. Some started in construction, others in recycling, and still others in a different industry altogether. What led you to your current role and how has it evolved over time?

Our business is family-owned and operated, so having a strong support system is crucial. How do you ensure the success of your business while maintaining a balance between personal and professional life?

In typical day through our facility in Brooklyn, NY. We process over 1,300 tons of mixed debris on a daily basis. We sort for concrete, metal, wood, glass, paper, and drywall, plastics, glass…basically anything you can find in a dumpster in New York City. We also process construction debris: aggregates, concrete, brick, wallboard, and more. What materials do you process? Our company is committed to recycling and composting as much as possible. How do you ensure that you are maximizing your recovery rates?

What is the most significant contribution you have made to the industry? As a leader in the C&D recycling industry, we have made significant contributions to our clients, employees, and the community. What are some of the most significant contributions you have made to the industry?

Questions? Please email info@cdrecycling.org.

The CDRA is proud to announce the CDRA Safety Awards. Safety is paramount in the C&D industry, and the CDRA wants to recognize those who do it well. For that reason, the Best Practices in Safety Awards were established. Completing the application is an excellent chance for you to benchmark your company's safety program against industry standards.

Applications for the annual CDRA Awards program are now available! The following awards are open for nominations:

- Best Practices in Safety Management Program (keep reading for additional details!)
- CDRA Recycler of the Year
- Construction & Demolition Recycling Hall of Fame

Submit Your Nominations by January 10, 2022. Winners are determined by the CDRA Board and the CDRA Safety Awards Committee. The awards will be presented at C&D World 2022. We look forward to recognizing your outstanding efforts.

Register for C&D World, which will be held March 13-15 at the Loews Midtown in Atlanta. The program is shaping up to be full of valuable insights from industry leaders. Registration is open now. Save the date and make sure to join us for this exciting event!
