The National Trade Association Dedicated to the Construction & Demolition Recycling Industry

Thank you!

Although not every news item is shared, we will review each submission based on its value.

We encourage you to submit ideas as often as you have them.

Article was recently released digitally:

Meet Zanker Recycling

Clever video from Zanker Recycling about its facility:

EPA's initial guidance on PFAs is vague:

So join us at the leading solid waste and recycling event in North America, June 28-30, 2021 in Las Vegas.

But now, it's time to get back to business. And WE are taking steps to ensure your safety. For 50+ years, WasteExpo has provided the industry with comradery, networking opportunities. At the urging of the CDRA Board and its members, C&D World, the only event focused on the C&D industry, has long been expected:

Jason Schenker, voted the most accurate economic prediction, will be the keynote speaker at C&D World 2021, the Annual Meeting of the CDRA.

Pay attention to your customers' needs! Then you will get testimonials such as:

Best piece of business advice you've gotten or learned over the years?

What advice would you give to someone interested in this industry?

What's something about you (a fun fact) that not many people know?

What materials do you recycle?

Getting and maintaining compliance with all the permits needed to run a C&D recycling operation.

What challenges have you faced over the years and how have you overcome them?

What's the biggest challenge you've faced in your business over the last year? How did you get started in the C&D industry?

How did you get started in the C&D industry?

What are the biggest challenges you're facing today?

What's coming up on the horizon?

What is the most rewarding part of your job?

What is the most surprising thing you’ve learned about the C&D recycling industry?

What's something about you (a fun fact) that not many people know?

How did you get started in the industry?

What's the biggest challenge you've faced in your business over the last year?

Many of us have never experienced a pandemic before — or its consequences.

Would you like to have your company in a spotlight like this? Contact turley@cdrecycling.org; 630-258-9047.

We have worked hard to meet LEED requirements to better serve our customers.

Where are the biggest end markets for our products?

Like almost all recyclers, finding vinyl using our processing facility and about 400 rolloffs to collect the waste and start processing it.

We separate out aggregate, wood, glass, and other materials.

We recycle:

- Glass
- Concrete
- Steel
- Wood
- Asphalt
- Roofing
