The National Trade Association Dedicated to the Construction & Demolition Recycling Industry

The New Jersey Climate Change Alliance announces the availability of a December 2021 White Paper on Tipping Fees for Landfills and Recycling Facilities. This comprehensive report includes an overview of tipping fees in New Jersey, analysis of tipping fee data, and recommendations for future policy changes.

Current event sponsors include Komptech Americas and Plexus Recycling. An impressive number of mattresses were recycled in Connecticut, and the number of recycled aggregates and other materials that could be used is currently under consideration. Tensions Erupt Between Environmental Justice Leaders and White House

New Jersey Climate Change Alliance announces the availability of a December 2021 White Paper on Tipping Fees for Landfills and Recycling Facilities. This comprehensive report includes an overview of tipping fees in New Jersey, analysis of tipping fee data, and recommendations for future policy changes.

The CDRA's staff will work with members on this initiative. Activities may include:

- Reviewing existing regulations and identifying gaps and opportunities
- Hosting webinars and conferences on tipping fees and related issues
- Collaborating with other organizations and stakeholders to develop policy solutions
- Providing resources and tools for members to educate themselves and their customers on tipping fees

Welcome New Members!

Members, it was heartening to see several regular CDRA members participate in the Denver Mid-Year Meeting. The board approved a new technology service that will provide members a smooth interface with the CDRA, while also streamlining operational efficiencies. The board authorized the search for a federal lobbyist to represent C&D recyclers' interests in Washington DC.

At our recent meeting in Denver, the CDRA Board of Directors made several important decisions and set into motion projects that will enhance the member services the association provides. Actions taken include:

- Establishing a membership category for general economic forecast that will help attendees plan for the future.
